This president made no official explanation of his reasons for withholding his approval of the tariff bill, that supplanted the McKinley law at midnight Monday, which had been in effect since Oct. 30, 1890, but he wrote a letter to Congressman Catchings, of Mississippi, which is an explanation that explains. He does not attempt to conceal his disgust over the failure of democrats to pass a bill that would fulfill the promises of the party platform, but he could not permit himself to be separated from his party to such an extent as might be implied by a veto of the bill, chargeable to democratic effort. It is far from being as good as it ought to be, but it is a vast improvement on existing conditions and will lighten tariff burdens, which now rest so heavily upon the people. It will operate as a barrier to a return to mad protection and furnish a vantage guard from which further aggressive operations upon protected monopolies must be waged. He recognizes that the livery of democratic tariff reform has been stolen and worn in the service of republican protection, but the question will not be settled until it is honestly and fairly settled in the interest and to the benefit of a long-suffering people. The letter has had a wonderful effect for good, and the president's position in the premises has made even his enemies to praise him. We have never for a moment lost confidence in the fact that Mr. Cleveland is the greatest statesman of his day and of his ability to lead the democratic hosts out of the wilderness. He has done so twice and if his counsels are heeded we shall again go forth conquering and to conquer.

In a long card in the Louisville Times, Charles J. Bronston attempts to prove, besides intimating pretty strongly that in the matter of the suit against him by Mrs. Crawford, involving a claim of \$200 against W. C. Owens, the Hon. Jack Chinn has acted in a somewhat, if not entirely, rascally manner. The charge is made that Mr. Chinn, not only wrongfully collected the \$200 of Mr. Owens, but failed to give Mrs. Crawford the \$325 he got from a raffle of a diamond ring which he induced her to dispose of in that way. The Fayette statesman winds up by saying with reference to the Mercer county statesman that when a gambler and a bum politician are combined in one person it is no wonder that the widow of a dead friend who trusted him should suffer. If this does not make the redoubtable Chinn use that noted knife of his, those who now regard him as the bravest of the brave will fear that he needs posting as a poltroon and a coward.

BRO. BARNES' sermon is published in full in the Lexington Press of Tuesday, along with Col. Breckinridge's speech the day before. The evangelist says that the Congressman is a truly penitent man and a failure to return him to Congress will send his soul to hell. Some how or other though, the assertion of penitence does not consist with the actual facts, for Breckinridge's speech is one prolonged roar of Judge Durham and other gentlemen who honestly think it would be a disgrace to permit a lecherous, lying wolf in sheep's clothing longer to represent the famous Ashland district. It is very evident that the extent of Willie's sorrow is that he has been found out. There is no real penitence in the heart of a man who can say such things as he does about men who declare for morality and virtue. Bro. Barnes would save the soul of such a man at the risk of sending thousands of better souls to perdition.

The biennial convention of the Supreme Lodge of the Knights of Pythias of the world is in session at Washington with thousands of members present. The order had its birth there as late as February, 1864, and yet to-day there are 443,615 members in the United States, an increase of 29,671 during the year. Kentucky has 5,700 members and their number is constantly increasing.

The governor has pardoned an old woman abortionist, who killed a young girl, on conditions that she leave the State in three days and never return. This looks like the executive doesn't object to the woman following her nefarious business, provided she doesn't practice on home girls.

SENATOR STEWART, of Nevada, having been made co respondent in a sensational divorce suit at Washington, the Louisville Times suggests the propriety, if not the absolute necessity of sending only Eunuchs to Congress.

The country will breathe free now that the president no longer has "Congress on his hands."

In his speech at Athens Monday, Col. Breckinridge referred to Judge Durhams as a pious old fraud, who was mad with him because he did not get the office he was incompetent to fill, and denounced him in strong language for saying that none but a Sarah Goss of a woman would go to a barbecue given in the colonel's honor. The next day the judge met the colonel on the street and attempted to explain that he had never used the latter remark, but Breckinridge flew into a passion and said he was tired of being hounded, that on another occasion he had used words concerning him that no gentleman would use in the presence of ladies. This the judge explained was a slip of the tongue, but Breckinridge added that it showed a mind coarse and brutal or such a slip could not have been made. Judge Durham says he had no intention of fighting, so he left the colonel quarreling away and threatening vengeance upon him and others who had dared to say aught against him. The fight is getting hotter than red hot iron and will continue at white heat till the primary, which is now, thank God, but two weeks off.

HON. W. L. WILSON, of tariff bill fame, was renominated for Congress at Martinsburg, W. Va., Wednesday and he accepted the honor in a speech that filled the boys in the trenches with enthusiasm. He told of the powerful influence brought to bear to defeat the will of the people, but in the end reform will triumph and to its accomplishment he will lend his entire energies with renewed vigor.

The Tillamans seem to be in the saddle in South Carolina, nominees of that persuasion being chosen in such numbers to the Legislature as to insure the election of Gov. Tillman to the U. S. Senate. Senator Butler announced a few days before that he would not submit, so in all probability the conservative democrat will put out an independent ticket in November.

A FATALITY seems to hang over the representatives from Carroll county. The death of the present member of the Legislature, which occurred Tuesday, recalls the fact that four representatives from that county have died within the last two years—Hons. Hugh Karins, Prentiss Meade and Stephen Bailey being the other three, who preceded Hon. George W. Gullion, the last to die.

In the Louisville Post's correspondents from nearly every county of the State are to be relied upon, and the paper vouches for their standing and democracy. Gen. Parker Watkins Hardin has the pull on the gubernatorial pole and will knock the persimmon.

THE Pennsylvania strikers will become disheartened after awhile if it keeps on. There were 53 strikes and 53 failures in that State in 1893.

—At Hammondsville, Ohio, where a holiness meeting has been conducted for some time, the people are worked up to a high pitch of excitement, and women are leaving their husbands because they would not join church. The husband of one waylaid the evangelist and would have thrashed him had not others interfered. A public meeting to stop the proceedings is talked of.
